

City of Gunnison

The City of Gunnison has purchased an automated refuse collection truck which will be put into operation over the next few months. The new truck will pick up and dump refuse cans with an automated arm. Special refuse cans are necessary and will be provided by the City for each residence at no charge. Refuse can distribution will begin in early November. A three tiered pricing structure for refuse collection will be implemented January 1, 2010 depending on the size of can you choose. The current \$16 per month charge will remain in effect until January 1.

Please fill out the information below and return to the City of Gunnison with your utility bill or to City Hall no later than October 30, 2009. If a form is not received by October 30th you will automatically receive the 98 gallon container and will be billed \$24 per month beginning January 1, 2010. To help select the proper can size, you may inspect sample cans outside City Hall, 201 W. Virginia and Public Works, 1100 W. Virginia. Call 970-641-8020 for additional questions. If you find the can size you've chosen is either too big or too small for your needs, you may request a new size by calling 970-641-8020.

This information applies only to residential customers living within the city limits of Gunnison.
